

Thursday, 25 October 2018

Dear resident or business operator,

## **Permanent local road closures - Clarendon Road, Huntingdon Street and Buccleugh Street**

Work has commenced on the \$117 million Drysdale Bypass, which stretches 6kms from Jetty Road to north of Whitcombes Road.

To enable construction of the Drysdale Bypass, we are closing sections of Clarendon Road, Buccleugh Street and Huntingdon Street at the point in which the new Drysdale Bypass crosses Clarendon Road.

### **When and where**

A section of Clarendon Road will be permanently closed from Wednesday, 7 November, 2018. From this date please note that:

- Access to Buccleugh Street and Huntingdon Street will be via Princess Street
- Access to Woodville Street and Anderson Road will be unaffected by the closure.

Please see the attached map for more information on the detour route. Traffic impacts are also available online at [www.bigbuild.vic.gov.au/disruptions](http://www.bigbuild.vic.gov.au/disruptions)

### **How the works may affect you**

To safely carry out the works, we will:

- ensure clear signage is in place to indicate the closure location and detour routes
- maintain access for residents during construction
- monitor noise and dust levels.

We have been working with local emergency services regarding these permanent road closures, ensuring they are aware of the upcoming changes to local roads.

### **Have a question?**

We will contact directly affected residents to discuss the work near their properties, and to understand access arrangements.

If you have any questions or want to register for project updates, email [contact@roadprojects.vic.gov.au](mailto:contact@roadprojects.vic.gov.au). You can call us on 1800 105 105, visit our project office at 230-242 Colac Road, Highton, and read more about the Drysdale Bypass project online at [www.roadprojects.vic.gov.au/projects/drysdale-bypass](http://www.roadprojects.vic.gov.au/projects/drysdale-bypass)

Thank you for your support and patience while we complete this important project.

Kind regards,

**Drysdale Bypass Project Team**
