# This rare opportunity will stay with you forever.

It is a big thing when our children move through their times of transition. Their teenage years accelerate quickly as their ride on the adolescent rollercoaster continues. They are growing up and the opportunity to reflect on the joys and challenges of this time in your lives, is one not to be missed.

## We are bringing Bill Jennings...

to our school to facilitate this unique experience for you. Bill is the creator and founder of 'Time & Space' ([www.time-space.com.au](http://www.time-space.com.au)), a service he has developed to give people just that - 'time and space' for parents and their children to share important moments together in a school community setting. This session provides opportunities that include carefully guided interactions with other dads and their children.

Fathers will emerge from the night reassured and impressed by the way our students are able to speak up and share insights about their life.

Be assured that the night is fun too... full of activities and conversations that will make us smile as well.

This helps with our activity planning for the session. This session is exclusive to Year 9.

We know that families come in all shapes and sizes and not all fathers can attend an evening such as this. A male mentor such as a grandfather, uncle or family friend is welcome to attend.
